

Bellevue School Home Learning

Expectations for Years Three – Six Students

Compulsory component:

This home learning needs to be completed by all students.

- 10 minutes of basic facts learning that has been given to your child by the teacher
- 10 minutes spelling learning – these lists are from the essential word lists or any words the children are getting wrong in their work at school. This is learning, not testing. The children will be provided with a method to learn these words by their classroom teacher.
- At least 20 minutes of reading

These activities have been chosen as research has shown that practice in these areas enhances learning.

If you have any queries about the compulsory home learning please contact your child's teacher.

Optional component:

The BELL Challenge - **B**ellevue's **E**nduring **L**ove of **L**earning

This is a series of challenges with a different set of challenges for each year. They are as follows:

- Year Three – Bancroft Challenge
- Year Four – Kenmore Challenge
- Year Five – Horokiwi West Challenge
- Year Six – Stewart Challenge

Students may choose to complete these. It is entirely up to them if they want to work on these challenges.

Ideally each Year challenge should be completed by the end of November.

Please read the back of each challenge for the guidelines on how to complete them.

If you have any queries about the BELL Challenges please contact Margaret Hesketh.
