Thursday 10 September 2015

Kia ora Parents, Caregivers and Whānau

At Bellevue we are looking forward to performing our whole school production for you on Thursday 24 September at Newlands College hall. Due to the high level of interest from families to attend the show, and finding that Newlands Intermediate are holding their Performing Arts Evening on that same evening will mean a clash for many of you, we are going to perform this great musical twice.

Both performances of **'The Time Machine – Learning in 2015'** are on Thursday 24 September.

- ☺ A matinee performance
  - this starts at 11:30am (the door opens at 11:00am)
- ☺ An evening performance
  - this starts at 6:30pm (the door opens at 6:00pm)

When you purchase your tickets through the office, please indicate which show you would like to attend. We have an upper limit of four tickets per family until Friday 18 September. From Monday 21 September any unsold tickets from both performances will be available for sale without limits.

Tickets cost \$7:00 per seat. If you have a preschooler or small child sitting on your knee they do not require a ticket. Please note that the price of the tickets covers the costs of costumes, props, lighting and sound; also buses to Newlands College for practises and the matinee performance.

In addition to practises at our school, the whole school is travelling to Newlands College on Wednesday 23 September to enable us to organise where students will be seated, movements on/off stage and to practise at the venue the performances are taking place.

The show is expected to run for approximately one hour with every child being on stage and having an important part in the production. The show has been written and produced by our talented students so come along to see all our stars shine.

We look forward to you joining us to see your wonderful children in their original performance of **'The Time Machine – Learning in 2015'** .
