1 August 2018

Kia ora Parents/Caregivers/Whānau,

We hope that over the past term you and your child/ren have talked about some further ways that they can help keep themselves safe. With the 'Keeping Ourselves Safe' topic last term, and natural events that we face in Wellington (eg: earthquakes, drownings), these are very important conversations to have.

As part of the process of keeping students and their families informed about and able to contribute to shaping our Health and PE programmes, we invite you to reply to the attached survey.

For Home Learning this week or over the next couple of weeks, we ask that you talk with your child/ren and fill this survey in. Every family that returns a survey **by 3:00pm on Friday 17 August** is entered in a special prize draw. There are three \$20 vouchers as prizes for the prize draws that take place at the 24 August assembly.

Thank you in advance for helping us review our programmes to check that they meet the needs of our child/ren. Please feel free to comment on this survey, and record any ideas or questions you have in the space provided. If you need any further information please contact a staff member who can help out, or if you prefer to speak to someone about your ideas, please contact the school office to make a time to do this with a staff member.

Thank you for taking the time to talk with your child/ren and pass on your views via this survey or by talking with us directly. It helps teachers to plan learning programmes for your child/ren that best address their particular needs, interests and circumstances, also those of our community
